AUTHOR Rodgers, Kay, Comp.
TITLE Unidentified Flying Objects, A Selected Bibliography.
INSTITUTION Library of Congress, Washington, D.C.
PUB DATE 76
NOTE 21p.

EDRS PRICE MF-\$0.83 HC-\$1.67 Plus Postage.
DESCRIPTORS Aerospace Education; Astronomy; *Bibliographies; Fantasy; *Science Education; *Science Materials; *Space; *Space Sciences
IDENTIFIERS *Unidentified Flying Objects

ABSTRACT

This bibliography, intended for the general reader, provides selective coverage of the unidentified flying object (UFO) literature that has appeared since 1969. The coverage is limited to English language works, but does include translations and materials published abroad. Other bibliographies are listed, as are books, congressional and other government reports, articles from journals and magazines, and proceedings of conferences and symposia. Included also is a mailing address for ordering a packet of information on UFOs which includes an annotated list of reprints and books available from the Center for UFO Studies and other sources. (Author/CS)

* Documents acquired by ERIC include many informal unpublished *
* materials not available from other sources. ERIC makes every effort *
* to obtain the best copy available. Nevertheless, items of marginal *
* reproducibility are often encountered and this affects the quality *
* of the microfiche and hardcopy reproductions ERIC makes available *
* via the ERIC Document Reproduction Service (EDRS). EDRS is not *
* responsible for the quality of the original document. Reproductions *
* supplied by EDRS are the best that can be made from the original. *

UFO

In 1969, the U.S. Air Force published Lynn Catoe's comprehensive *UFO's And Related Subjects; An Annotated Bibliography*, which was prepared in the Library's Science and Technology Division under contract to the Air Force Office of Scientific Research in support of a project at the University of Colorado led by the late noted scientist Edward U. Condon.

The present bibliography, intended for the more general reader, provides selective coverage of the UFO literature that has appeared since that time, including some of the lively published debate that followed issuance of the "Condon report." The coverage is limited to English-language works but does include translations and materials published abroad. Other bibliographies are listed, as are books, congressional and other government reports, articles from journals and magazines (but not the daily press), and proceedings of conferences and symposia. In some cases, more than one edition of a book is listed (such as American and British editions) to assist interested readers whose access may be limited.

UFO BIBLIOGRAPHY

Beard, Robert Brookes. Flying saucers, U.F.O.'s and extraterrestrial life: a bibliography of British books, 1950-1970. Swindon, 1971. 5 p. Z5064.F5

Brennan, Norman. Flying saucer books and pamphlets in English; a bibliographical checklist. Buffalo? 1971? 94 p. Z5064.F5B74

Catoe, Lynn E. UFOs and related subjects; an annotated bibliography. Washington, U.S. Govt. Print. Off., 1969. 401 p. Z5064.F5C37

This was compiled by the Science and Technology Division of the Library of Congress for the Air Force Office of Scientific Research in support of its scientific research project at the University of Colorado on unidentified flying objects under the direction of Dr. Edward U. Condon. It is available from the National Technical Information Service, 5285 Port Royal Road, Springfield, Va. 22161, as A7-688 332.
